This is another concerning email.
 The claim was only filed a few days ago. It was never actioned in the first instance.

YouTube removed one video, but are refusing to action the other due to advising we had failed to respond to a counter notification.
 Upon searching for https://www.youtube.com/watch?v=H_laoaV9Fkw the first correspondence regarding this was around 5 days ago during the takedown request.

I have never seen an email like this before from YouTube.

Daniel Shaw.

It has NOT been removed and remains a valid claim for a copyright takedown.

YouTube's inaction for acting on this valid claim is giving the offending YouTube channel additional time to hinder this claim and destroy and/or hide evidence.

Far more evidence than what is required under the DMCA has already been supplied, however we shall go into far more detail than what is needed.
